

**Dear Mr Liubomir CHIRIAC,**

**Dear Ms Carolina UNGUREANU,**

On behalf of the MA IMPLIC Project Team, I would like to express our sincere appreciation for the very good cooperation in delivering the training program on local government budgeting processes and on participatory budgeting.

We highly value the collaborative and constructive approach of your team throughout both the preparation and implementation of the program. Your organization's solid experience in the field was clearly reflected in the quality of the training materials, which were well-structured, comprehensive, and closely aligned with the needs of local public authorities.

We would also like to acknowledge the effective format of the training and mentorship sessions, along with the meaningful contribution to the networking event. The combination of theoretical input, practical exercises, and interactive discussions contributed to a productive learning environment and supported meaningful engagement from participants. The overall organization of the sessions demonstrated careful planning and a strong focus on achieving the program's objectives.

The positive feedback received from participants further confirms the value of this joint effort. We greatly appreciate the professionalism and commitment demonstrated by your team.

We look forward to continuing our cooperation in future initiatives. Thank you once again for your valuable contribution.

Yours sincerely,

**Matthias MORGNER**
